Space Camp Scholarship

Bernard Curtis Brown II Memorial NASA Space Camp Scholarship Information on the Scholarship

About Space Camp

The Space Camp is a six-day program that shows young men and women firsthand what it takes to be an astronaut. Activities include simulated Space Shuttle missions, training simulators, rocket building and launches, scientific experiments, and lectures of the past, present, and future of space exploration.

Space Camp is offered in Huntsville, Alabama, and takes a unique, fun and hands-on approach to learning outside the classroom – and students leave with a greater appreciation for school and their studies. Each child learns about astronauts and space travel, but they also experience something even more important: developing bonds of friendship.

For more detailed information about Space Camp, visit their web site at www.spacecamp.com.
